-

Professional Experience Frontend Team Lead

KudilTaka – Abuja, Nigeria | 06/2023 – Present

- Led a front-end development team in designing and building responsive, highperformance web applications using React, Next.js, and Bootstrap.
- Developed and implemented team Technical Requirement Documents (TRD), Objectives and Key Results (OKRs), and Key Performance Indicators (KPIs) to align development efforts with business goals.
- Orchestrated code reviews and provided mentorship to junior developers, fostering best practices in coding, testing, and performance optimization.

- Collaborated with product and design teams to translate complex client requirements into actionable technical plans and functional features.

Junior Software Engineer (Frontend)

Brain Wealth Projects – Abuja, Nigeria | 02/2023 – 05/2023

- Implemented features and performed maintenance on web applications using React and Bootstrap.
- Conducted performance testing and debugging to enhance reliability.

Junior Software Developer

Galaxy Backbone Ltd – Abuja, Nigeria | 05/2022 – 02/2023

- Maintained and optimized web applications using HTML5, CSS3, and JavaScript.
- Integrated front-end components with back-end services for seamless functionality.

Technical Writer

Medium – Remote | 2021 – 2022

- Authored and published technical articles and tutorials on front-end development topics, including React, JavaScript performance, and CSS architecture.
- Translated complex technical concepts into clear, accessible content for a developer audience, driving over 50,000 page views.
- Developed code samples and real-world examples to enhance reader understanding and practical application.

Freelance Frontend Web Developer

Lagos, Nigeria | 02/2020 – 04/2022

- Built client websites from Figma designs using HTML5, CSS3, and JavaScript.
- Implemented SEO strategies to improve search engine visibility.
